Summary

Results-driven Performance Marketing & SEO Specialist with 4+ years of experience in lead generation, conversion optimization, and technical SEO across competitive industries.

Experienced in managing high-value customer acquisition funnels, improving lead quality, and identifying conversion bottlenecks across the full marketing-to-sales journey.

Leverages automation and AI-driven systems to transform complex marketing processes into scalable, efficient workflows that drive consistent performance growth.

Experience

Digital Marketing Specialist | Oplus Realty | Abu Dhabi, UAE

Apr 2025 – Present

- Managed and optimized Meta and Google Ads campaigns focused on lead generation across competitive markets
- Handled mid to high 5-figure monthly advertising budgets while maintaining efficient cost structures
- Improved lead quality and campaign efficiency through data-driven audience targeting and funnel optimization
- Built and optimized tracking infrastructure using GA4, Google Tag Manager, and Meta Pixel to enhance data accuracy and performance visibility
- Developed CRM integrations with WhatsApp API to automate lead distribution and improve response workflows
- Identified key performance gaps across targeting, lead qualification, and sales alignment, contributing to data-driven optimization strategies

AI & Automation Impact

- Built AI-driven marketing systems to automate creative production, campaign asset generation, and content workflows
- Developed internal tools to generate multiple ad creatives, captions, and CTAs from a single input to accelerate testing and scaling
- Created AI-powered voice-over system supporting multiple Arabic dialects and tones for scalable video ad production

- Leveraged automation and AI workflows to significantly reduce execution time and improve overall campaign scalability

Freelance Digital Marketing Specialist & Website Manager

Jan 2021 – Mar 2025

- Designed and managed websites using WordPress, Shopify, Joomla, and Drupal
- Implemented SEO strategies including technical SEO and content optimization
- Built high-converting landing pages with optimized UX and performance
- Managed paid campaigns and improved engagement and conversion performance
- Delivered full digital marketing solutions including funnel setup and tracking
